August 21/8/18 st Lecture: Anushthan Aniruddh das Adhikari

1. Bhakti is born out of service to father and mother. Listen carefully. If you have not done service to father and mother then Bhakti cannot even take birth within you irrespective of how many rounds you chant. We can practically see that children who have rendered service to parents are happy while children who neglected their parents are not in a good condition. No matter what position or how big the child becomes, if they do not take care of their parents they will never be happy. Even children of such persons will not take care of them in future.

2. If someone doesn't have parents, then one should daily chant 2 or 4 rounds for parents and dedicate it to them. Yamaraj has such a divine computer that the moment someone chants for deceased parents; Yamaraj identifies if the souls of parents is in hell or any of 84 lac species and immediately gives them human birth.

3. Birth in Kaliyuga is very difficult and that too in India. So take full advantage of it. Because of harinama I am able to chant even in such old age.

4. Lord Krsna sent Udhava to Badrinathji to do bhajan and worship Lord Narayana. The Bhoomi of Badrinathji is very pure where apradha or offence cannot happen. In Vrindavan there is a possibility of committing offense. That's why Udhava was sent to Badrinathji and not Vrindavan. Udhava told how will I stay without you and even Lord Brahma, Lord Siva expressed the same feeling at different points of time. Lord Krsna instructed them to read Srimad Bhagavatam.

5. Wherever there is Bhagvatam, Kaliyuga will not come nearby. Therefore get Bhagvatam of Shri Hanuman Prasad Poddar. Even if Bhagvatam is at home and not read, even then Kaliyuga will not come in that home. Otherwise Kaliyuga will trouble a lot.

6. GOD can be easily attained in Kaliyuga because there are not many in this Yuga who want to attain GOD. Therefore even if we do little Bhajan, Lord becomes happy. Our Spiritual Masters have attained GOD in this Yuga, so why can't we also attain HIM.
